

Step 1

Attach Side Bars to Front and Back Panels using 2 bolts in each corner. The Track Bars go on the bottom and Square Bar goes on the top with the holes facing up.

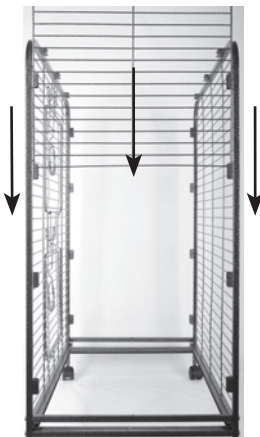

TIP: Do not tighten bolts fully until all panels are in place.

Step 2

Slide the two Side Wire pieces down between the notches and into place.

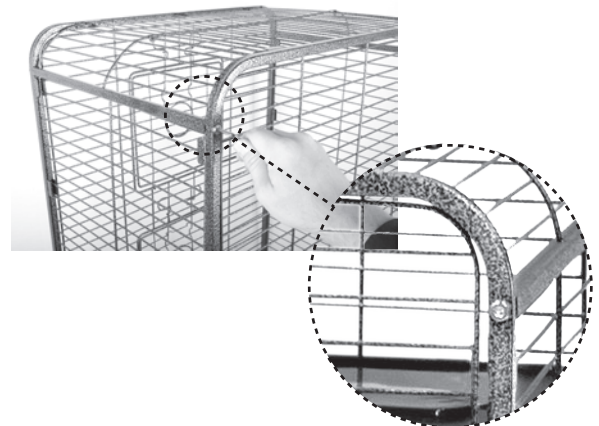

Snap the top wire into place by pulling the side of the cage slightly and sliding the top wire in the notches.

Step 3

Attach the Top Wire into place with a bolt in each corner.

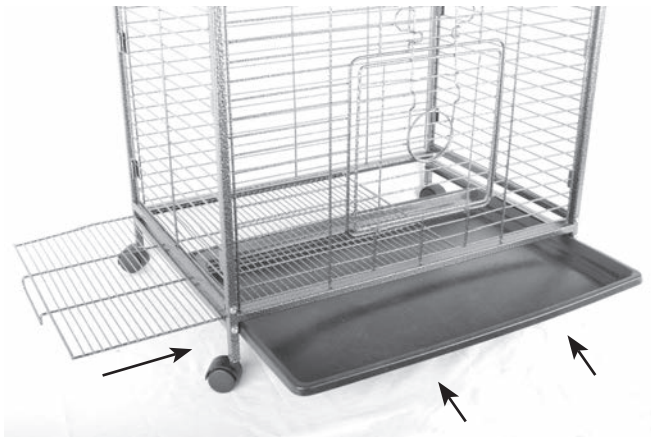

Step 4

Lay the cage on its side and attach the 4 wheels.

Step 5

Slide Bottom Wire Floor into side of cage. Slide black Plastic Pan into front of cage.

Step 6

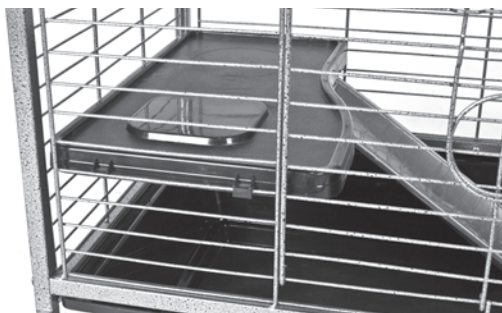

Attach the plastic ramp to the bottom side of the plastic shelves by snapping them into the plastic clips.

Place the assembled shelves and ramps in the cage through the doors.

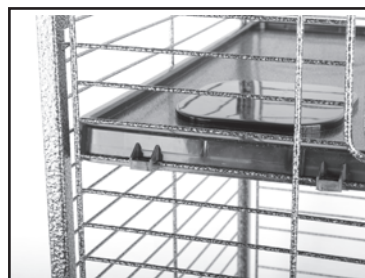

Step 7

Insert Shelf & Ramp into cage and position on wire.

Snap Shelves onto wire.

Assembly is now Complete!

ware cares™

We care about the carbon pawprint we leave as a company and are committed to using recycled and recyclable material in the manufacturing of our packaging and pet products.
